WORLD SPIRITUAL MUSIC

**Summer 2026**

**June 19 and 20**

**Arcidosso-Tuscany-Italy**

## FEELING MUSIC AS A BRIDGE BETWEEN CULTURES FOR PEACE

**ESPIRITO** is an artistic encounter dedicated to celebrating spiritual music as a universal language of consciousness and connection.

The festival brings together authentic ancestral traditions and contemporary artistic expressions from different cultures of the world — Dzogchen Tibet, India, Amazon South America, Christian Choir Europe, Maori Oceania, and Tribal Central Africa — using music as a vehicle to promote peace through cultural diversity, creating a sound dialogue that unites territories, eras, and spiritual knowledge.

**More than a festival, ESPÍRITO proposes an experience where art, spirituality, and nature integrate to create a space for authentic encounter and collective transformation**

# OUR COMMITMENT

## VISION

To create an event that goes beyond simple entertainment and transforms into a collective experience of unity and expansion of consciousness.

We aspire to be an international meeting point for artists, researchers, and communities who recognize art and music as tools for spiritual and social transformation.

## MISSION

To offer a meeting place where music and spirituality intertwine to nourish the soul and strengthen the bond between people and nature.

The project acts as an engine for territorial regeneration, using culture of excellence as a tool to foster social cohesion in historic villages.

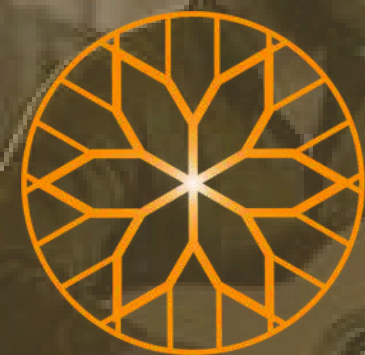

# AUDIENCE

Our audience is composed of people of different ages and backgrounds from all over the world, including professionals, creatives, academics, and "slow" travelers looking for authentic cultural experiences in historic villages.

They are united by a common interest in sharing activities related to well-being, art, spirituality, and new cultural sound forms.

**The festival promotes a sustainable and quality tourism model, generating a direct exchange between the local community and international networks.**
